SWRS Southwest Recovery Services

Providing Creative Solutions to Common Problems

COMMERCIAL PROPERTY & MULTIFAMILY RECOVERY · CAPABILITIES OVERVIEW

Receivables Recovery for Property Owners & Operators

Recovering commercial tenant balances & post-move-out receivables across a national portfolio — on pure contingency

Prepared for **Moonbeam Leasing & Management** · August 2026

01 — INTRODUCTION

A recovery partner built for an opportunistic portfolio

To Shawl Pryor and the Moonbeam team — a portfolio of over 10 million square feet of malls, shopping centers, apartments, office and hospitality carries two very different receivables books at once: commercial tenants who stop paying on space they still occupy or have vacated, and former residents who move out owing balances. Both age fast, and both sit outside what a lean management team can chase.

Past-due tenant balances aren't a leasing problem — they're working capital your properties have already earned. Every commercial deficiency and every move-out balance that drifts uncollected quietly becomes a write-off on an asset you stabilized.

Southwest Recovery Services is an outsourced receivables recovery partner working commercial and consumer balances on **pure contingency since 2004**, with recovery reach across all 50 states. You place accounts through a secure portal that takes your property-management AR export, and we work them. No recovery, no fee.

02 — AT A GLANCE

Two decades of recovery for property owners — nationwide

A track record built on property-management, multifamily and commercial receivables — scale an owner-operator can plug in without adding headcount at the property level.

2004 Recovering commercial receivables since	**$975M+** Receivables placed (all industries)	**$76M+** Recovered for clients	**800K+** Accounts worked
52% of placed accounts see a recovery	**50** states — nationwide recovery reach	**4.9★** Google client rating	**$0** upfront — no recovery, no fee

- Commercial & B2B collections since 2004
- Nationwide — all 50 states
- 12 offices across 7 states
- Skip tracing on businesses & principals
- Contingency — no recovery, no fee

The questions a portfolio operator asks — answered directly

How SWRS handles a mixed book of commercial tenant debt and resident balances, in plain terms.

YOUR QUESTION	SOUTHWEST RECOVERY SERVICES
1. Fee structure	Pure contingency — $0 upfront, no retainer, no monthly minimum. You pay a pre-agreed percentage only of what we actually recover. Rates scale with the age, balance and volume of your placements; we quote your rate once we see a representative sample of the book — commercial and resident accounts are rated separately.
2. Commercial tenant balances	Rent arrears, lease deficiencies, CAM reconciliations and holdover balances are commercial debt — we pursue the operating entity, its successors and any personal guarantors. Commercial skip tracing locates tenants who've closed a storefront and reopened elsewhere. Judgment enforcement is reviewed case by case with our legal-forwarding network.
3. Former-resident balances	Move-out balances, damages beyond deposit and early-termination fees are consumer debt — worked under FDCPA and Reg F with compliant outreach, documented disclosures and honored opt-outs. Reporting through Experian RentBureau gives a former resident a concrete, lawful reason to resolve the balance before their next lease application.
4. Onboarding & placement	Fast and low-lift. Bulk-upload an AR / aging export from Yardi, MRI, RealPage, AppFolio or any property-management system through our portal; we map your columns, so there's no re-keying. Outreach begins within 24–48 hours of a documented placement.
5. A multi-state portfolio	Recovery reach is nationwide across all 50 states from 12 offices in 7 states. Consumer (resident) collections are not worked in California, Oregon or Washington; commercial tenant balances are unaffected. We scope the placement file around your portfolio map before the first account is worked.

THE SWRS CLIENT PORTAL

Property-system-ready intake and full visibility, on demand

Every placement is managed through our secure portal — built to take your property-management AR exports and give your asset-management team live, self-service access throughout recovery.

PROPERTY-SYSTEM-READY PLACEMENT

Upload an AR / aging export from Yardi, MRI, RealPage or AppFolio — we map your columns, no re-keying, per-property or portfolio-wide.

SECURE FILE EXCHANGE

Send leases, guaranties, ledgers and move-out statements safely inside the portal — the documentation that resolves a disputed balance fast.

REAL-TIME REPORTING

Run and export account and recovery reports on demand, by property or across the portfolio — a live dashboard for your recovery.

DIRECT-PAYMENT REPORTING

Log payments a tenant makes directly to the property, so balances stay accurate and no one is over-contacted.

04 — CASE STUDIES

SWRS Property & Commercial Recovery Case Studies

Actual placed-versus-recovered results from Southwest Recovery's property-management and commercial book, anonymized by sector. Aged post-move-out resident books recover at the low end of this range; fresh commercial balances recover the best — which is exactly why placing sooner matters.

COMMERCIAL TRADE RECEIVABLES

$198K recovered

of ~$2.8M placed

7% recovered

Anonymized by sector from Southwest Recovery's book; individual client names withheld. Results vary by account age, balance, documentation quality and industry. We do not publish blended portfolio averages.

THE AGE CURVE

Why fresh balances recover best

A tenant balance is most collectible while it's fresh; every month it ages, contact data goes stale and leverage erodes. The highest-leverage change most operators make isn't chasing harder — it's placing sooner.

THE AGE CURVE

Fresh accounts (under ~90 days past due) often resolve in 30–60 days; balances that sit a year collect a fraction of that.

THE STANDING RULE

A fixed "place at move-out + 30" policy for residents and "place at 90 days" for commercial tenants recovers materially more than letting balances drift — and on contingency there's no cost to placing.

Recovery figures vary by portfolio and age mix; SWRS gives an honest, age-based read on a representative sample before any accounts are worked.

05 — BUILT FOR PROPERTY OWNERS & OPERATORS

We speak your rent roll

A mixed portfolio creates two recovery profiles at once — commercial and consumer. Our playbook is built for exactly that.

Commercial tenant & lease-deficiency balances

Rent arrears, CAM charges, holdover and deficiency claims — pursued against the entity, its successors and personal guarantors.

Former-resident balances, handled with care

FDCPA / Reg F-compliant outreach on move-out balances — firm, documented and professional, protecting each property's name in its market.

Skip tracing that finds them

Commercial skip tracing on entities and principals; consumer skip tracing on former residents who've moved on without a forwarding address.

Experian RentBureau reporting

Lawful credit reporting through Equifax and Experian — including Experian RentBureau on rental balances — gives former residents a real reason to resolve.

06 — AI-POWERED COLLECTIONS

Recovery run on an AI-driven platform — Aktos

Every account SWRS works runs on Aktos, a next-generation, AI-driven collections platform — with compliance built into the workflow, not bolted on afterward. It's how a boutique, people-first agency delivers enterprise-grade speed, consistency, and auditability.

AI workflow automation

Repetitive steps are automated and every account is scored and routed by predicted payment likelihood — so the right strategy reaches the right account first, without manual queue-picking.

Omnichannel outreach

Coordinated email, SMS, and voice, timed to when a debtor is most likely to engage — replacing high-friction call blasts with respectful, data-driven contact.

Compliance built in

FDCPA, Reg F, and TCPA guardrails are enforced inside the automation, with phone-number and consent checks before outreach — documented and defensible on every account.

Real-time dashboards

You see status, segmentation, and recovery performance on your portfolio in real time — full transparency, not a monthly PDF.

API-first intake

Secure SFTP/API placement means accounts start working without data lag — roughly 50% faster acknowledgment and validation of new placements.

Data-driven scoring

Dynamic scoring and segmentation predict payment likelihood and concentrate effort where recovery is most achievable — earlier intervention that trims DSO and reduces disputes.

The result is the combination clients rarely get from a legacy agency: faster cash and cleaner compliance at the same time. Automation accelerates recovery and standardizes documentation, while empathy-first, data-driven contact protects your brand and keeps disputes and complaints low.

07 — MEET THE FOUNDER

Built by a collector with 30 years on the phones — not a CEO with zero collection experience

Steven Dietz

Founder & Chief Executive Officer

Featured in USA Today, International Business Times & Financial Services Review — Top AR Management Service, 2025 · ACA International member.

Steven Dietz didn't come to collections from the corner office — he came from the phones. He started as a collector and credit analyst before he was 20, was tapped by Aaron's to train collectors across 100+ locations, and has spent nearly 30 years in receivables. Along the way he became convinced the industry's bad reputation was a choice, not a requirement: businesses get paid faster when recovery is built on listening and respect rather than aggressive calls and empty threats.

He founded Southwest Recovery Services in 2004 on that principle — a national, family-owned receivables partner that treats every debtor as a person and every client relationship as worth protecting. Two decades later he still coaches the teams and works accounts personally — an operator who has actually done the job, not a manager who has only overseen it.

> "Regardless of the means of recovery, our focus is always on preserving goodwill and representing the client professionally.
>
> **— Steven Dietz, Founder & Chief Executive Officer, Southwest Recovery Services**
