MARKETING & AGENCY RECOVERY · CAPABILITIES OVERVIEW

Debt Collection Agency for Businesses

Recovering past-due retainers and ad-spend arrears for
High Five Media — on pure contingency

Prepared for **High Five Media** · July 2026

A quiet backstop behind your billing — built for an agency's A/R

Prepared for High Five Media — a marketing agency carries a receivables risk most service firms don't. When you manage paid media on a client's behalf, you're often on the hook to the platform before the client has paid you; and monthly retainers to small-and-mid-sized businesses are the highest-default segment in B2B services.

Two risks stand out. Ad-spend pass-through means a client who goes quiet isn't just lost margin — it's real cash out the door. And chasing overdue retainers pulls your account-service reps off billable work and, in a referral-driven market, risks the very relationships your brand is built on.

Southwest Recovery Services is a quiet, contingency-only backstop behind your billing: we recover past-due retainers, ad-spend arrears, project balances and lapsed contracts — relationship-first, so your team never has to make the collections call. No recovery, no fee.

What a growing agency asks us

The receivables questions specific to a retainer-and-media business.

YOUR QUESTION	SOUTHWEST RECOVERY SERVICES
Fee structure	Pure contingency — \$0 upfront, no retainer, no setup or per-account fee. You pay a percentage only of what we actually recover, so it's a variable-cost solution to a variable-risk problem — no fixed cost added on top of media-spend risk.
What we recover	Past-due monthly retainers, paid-media / ad-spend arrears, project and milestone balances, and lapsed or cancelled client contracts — from current, slow-paying and closed accounts alike.
Media-spend cash exposure	As a Google Partner you place real ad spend on clients' behalf — and you're typically liable to the platform before the client pays. A non-paying media client is a direct cash loss, not just lost margin; we prioritize exactly this kind of arrears before it becomes a cash crunch.
Disputed creative deliverables	Creative work is subjective, and "it wasn't what we wanted" is a common stall. We diagnose root cause — genuine dispute vs. inability to pay vs. miscommunication — and work the balance on the documentation, so legitimate invoices get recovered.
Relationship-preserving recovery	Your brand is trust and your market runs on referrals. We position the debtor as a future customer and recover professionally — firm, never aggressive — so cash comes back without burning the relationship or your reputation.
Onboarding & aged-account sweep	Low-lift: upload an A/R / aging export through our secure portal; we map your columns, no re-keying. Place your current arrears and a one-time sweep of lapsed/cancelled balances together — on contingency there's no cost to placing old, low-probability accounts.

THE SWRS CLIENT PORTAL**Low-lift intake and full visibility, on demand**

Every placement runs through our secure portal — built to take your billing / A/R exports and give you live, self-service status throughout recovery, backed by a dedicated account manager.

SYSTEM-READY PLACEMENT

Upload an A/R / aging export from your billing system (CSV/Excel) — we map your columns, no re-keying.

SECURE FILE EXCHANGE

Send contracts, statements, media invoices and communications safely inside the portal, not over email.

REAL-TIME REPORTING

Run and export account and recovery reports on demand — a live dashboard, not a monthly summary.

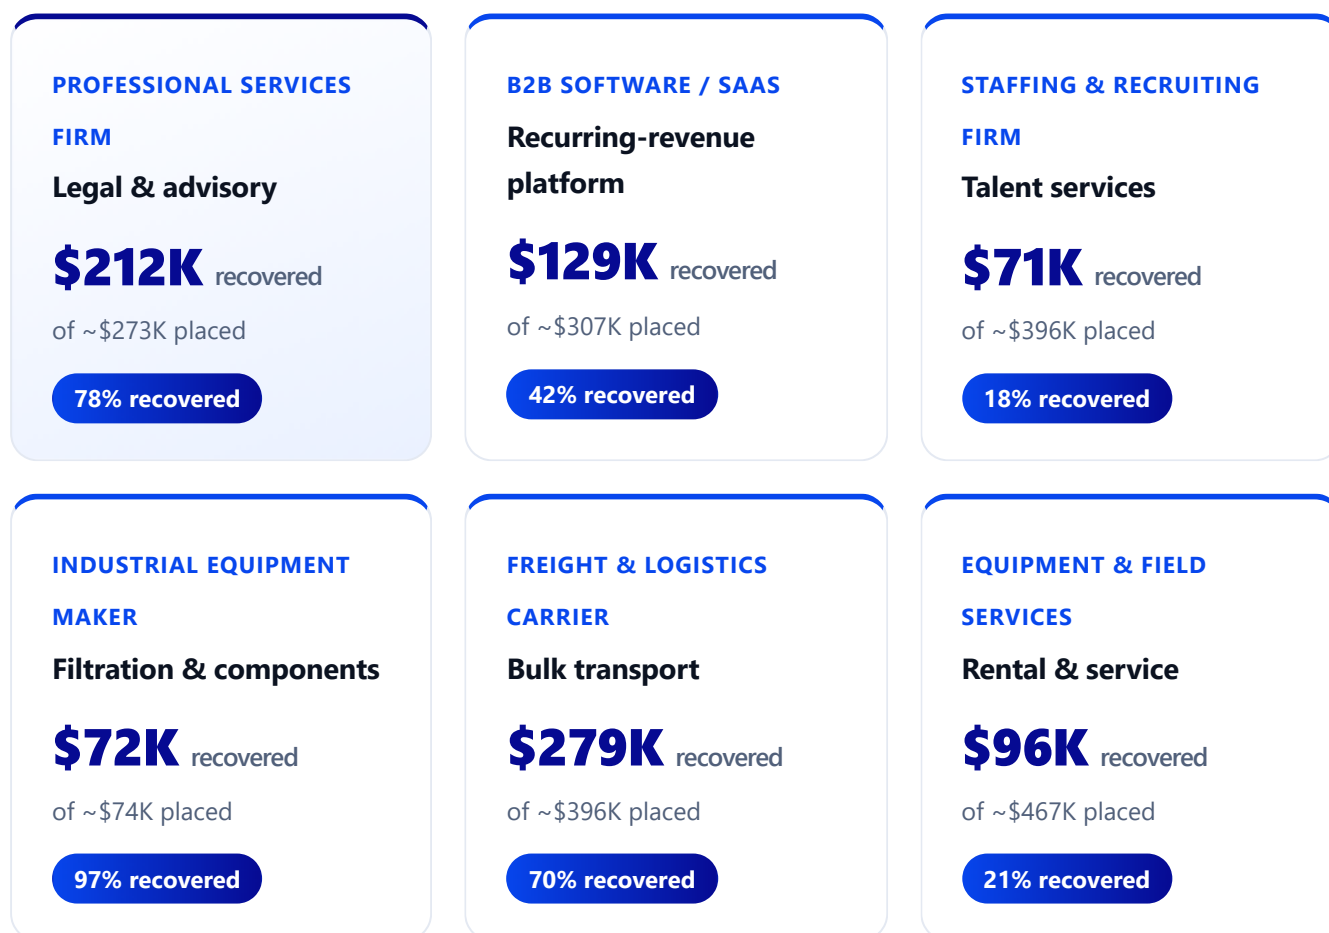

DIRECT-PAYMENT REPORTING

Log payments a client makes directly to you, so balances stay accurate and no one is over-contacted.

SWRS Commercial Recovery Case Studies

Actual placed-versus-recovered results from Southwest Recovery's commercial book, anonymized by sector — the professional-services profile an agency's A/R most resembles.

Anonymized by sector from Southwest Recovery's book; individual client names withheld. Results vary by account age, balance, documentation quality and industry. We do not publish blended portfolio averages.

THE RELATIONSHIP ADVANTAGE**Recover the cash, keep the referral**

In a referral-driven local market, an internal collections misstep can cost more than the invoice. That is the strongest reason to place with a specialist rather than have an account rep chase it.

DEBTOR AS FUTURE CUSTOMER

We recover professionally and diplomatically — positioning the client to come back, not slamming the door.

NO COST TO TRY

Contingency means placing an aged or lapsed account is pure upside; even partial recovery beats a write-off, at zero downside.

We speak your book

A retainer-and-media agency has a specific receivables profile. Our playbook is built for it.

Media-spend cash protection

Prioritizing ad-spend arrears before a non-paying media client turns into a cash crunch — the risk category unique to agencies.

Retainer & project arrears

Systematic recovery of overdue monthly retainers and project balances your team can't chase without pulling off billable work.

Relationship-first recovery

Firm, professional, never aggressive — recovery that protects the referral relationships your brand depends on.

Aged / lapsed-account sweep

A one-time cleanup of cancelled-client balances at zero upfront cost — the easiest wins, with no ongoing-relationship risk.

How we protect the relationship

“Regardless of the means of recovery, our focus is always on preserving goodwill and representing the client professionally.

— Steven Dietz, Founder & Chief Executive Officer, Southwest Recovery Services

You built High Five on trust, and in a referral market your reputation is worth more than any single invoice. Firm, relationship-first recovery returns the cash while keeping the door open for the client to come back — and keeps your account-service team on the work that grows the agency.
