Recovering unpaid rent and move-out balances for TECO — on pure contingency

Prepared for **TECO** · November 2026

01 — INTRODUCTION

A recovery partner for the balances left behind at move-out

Prepared for TECO — a plan for recovering unpaid rent, fees, an eviction balance and fines left by a former tenant. Here is how SWRS would score the file, run compliant outreach and get paid only when you do.

Move-out balances are recoverable — if they're worked while the trail is warm. Final ledgers, unpaid rent and damages age fast once a resident is gone.

Southwest Recovery Services is a property-management and multifamily recovery specialist working post-eviction and unpaid-rent balances on **pure contingency since 2004**, with Experian RentBureau reporting at no additional charge. Place accounts through a secure portal that takes your ledger export, and we work them. No recovery, no fee.

02 — AT A GLANCE

Two decades of recovery — nationwide

A quick look at how a rental balance moves from your lease and ledger to a recovered payment, with $0 upfront.

2004 Recovering commercial receivables since	**$975M+** Receivables placed (all industries)	**$76M+** Recovered for clients	**800K+** Accounts worked
52% of placed accounts see a recovery	**50** states — nationwide recovery reach	**4.9★** Google client rating	**$0** upfront — no recovery, no fee

- Commercial & B2B collections since 2004
- Nationwide — all 50 states
- 12 offices across 7 states
- Unparalleled legal research gateway
- Contingency — no recovery, no fee
- Free case review

03 — YOUR QUESTIONS, ANSWERED

What a finance team asks us

These are the questions landlords ask us most before placing a former-tenant balance.

YOUR QUESTION	SOUTHWEST RECOVERY SERVICES
Fee structure	Pure contingency — $0 upfront, no retainer, no minimum. You pay a pre-agreed percentage only of what we actually recover; the rate scales with the age, balance and volume of placements.
What we recover	Final-ledger balances, unpaid rent, damages beyond deposit, fees and judgments — from former residents, guarantors and commercial tenants.
Credit reporting	Qualifying accounts are furnished to Equifax and Experian, plus Experian RentBureau — the rental-specific value-add most landlords cannot report themselves — at no additional charge.
Timing & aging	Move-out balances recover best in the first 90 days. Outreach begins within 24–48 hours of placement; a standing “place at move-out + 30” rule recovers materially more.
Locating former residents	Persistent multi-channel outreach plus skip tracing built for people who have moved; judgments are worked through our legal-forwarding network case by case.
Onboarding & placement	Fast and low-lift — upload a final-ledger export from your property-management software through our portal; we map your columns, so there’s no re-keying.

THE SWRS CLIENT PORTAL

Low-lift intake and full visibility, on demand

Every placement is managed through our secure portal — built to take your exports and give your team live, self-service access throughout recovery, backed by a dedicated account manager.

LEDGER-READY PLACEMENT

Upload a move-out / final-ledger export from your property-management software — we map your columns, no re-keying.

SECURE FILE EXCHANGE

Send leases, final account statements, move-out inspections and judgments safely inside the portal.

REAL-TIME REPORTING

Run and export account and recovery reports on demand — a live dashboard, not a monthly summary.

DIRECT-PAYMENT REPORTING

Log payments a customer makes directly to you, so balances stay accurate and no one is over-contacted.

Anonymized by sector from Southwest Recovery's book; individual client names withheld. Results vary by account age, balance, documentation quality and industry. We do not publish blended portfolio averages.

THE DSO ADVANTAGE

Why fresh balances recover best

A balance is most collectible while it's fresh; every month it ages, contact data goes stale and leverage erodes. The highest-leverage change most teams make isn't chasing harder — it's placing sooner.

THE AGE CURVE

Fresh accounts (under ~90 days past due) often resolve in 30–60 days; balances that sit a year collect a fraction of that.

THE STANDING RULE

A fixed "place at 90 days" policy recovers materially more than letting balances drift toward write-off — and on contingency there's no cost to placing.

Recovery figures vary by portfolio; SWRS gives an honest, age-based read on a representative sample before any accounts are worked.

05 — BUILT FOR PROPERTY & MULTIFAMILY RECOVERY

Turning move-out ledgers back into cash

SWRS has supported property owners and managers since 2004 with move-out rent, fees and fines. Every step is built around compliant outreach that protects your reputation.

Former residents & guarantors

Skip tracing built for people who have moved, plus persistent multi-channel outreach.

Judgments & evictions

Post-eviction balances and judgments worked through our legal-forwarding network case by case.

Every ledger balance

Unpaid rent, damages beyond deposit, fees and utilities — one partner, one portal.

Bureau reporting included

Equifax, Experian and Experian RentBureau on qualifying accounts at no additional charge.

06 — AI-POWERED COLLECTIONS

Recovery run on an AI-driven platform — Aktos

Every account SWRS works runs on Aktos, a next-generation, AI-driven collections platform — with compliance built into the workflow, not bolted on afterward. It's how a boutique, people-first agency delivers enterprise-grade speed, consistency, and auditability.

AI workflow automation

Repetitive steps are automated and every account is scored and routed by predicted payment likelihood — so the right strategy reaches the right account first, without manual queue-picking.

Omnichannel outreach

Coordinated email, SMS, and voice, timed to when a debtor is most likely to engage — replacing high-friction call blasts with respectful, data-driven contact.

Compliance built in

FDCPA, Reg F, and TCPA guardrails are enforced inside the automation, with phone-number and consent checks before outreach — documented and defensible on every account.

Real-time dashboards

You see status, segmentation, and recovery performance on your portfolio in real time — full transparency, not a monthly PDF.

API-first intake

Secure SFTP/API placement means accounts start working without data lag — roughly 50% faster acknowledgment and validation of new placements.

Data-driven scoring

Dynamic scoring and segmentation predict payment likelihood and concentrate effort where recovery is most achievable — earlier intervention that trims DSO and reduces disputes.

The result is the combination clients rarely get from a legacy agency: faster cash and cleaner compliance at the same time. Automation accelerates recovery and standardizes documentation, while empathy-first, data-driven contact protects your brand and keeps disputes and complaints low.

07 — MEET THE FOUNDER

Built by a collector with 30 years on the phones — not a CEO with zero collection experience

Steven Dietz

Founder & Chief Executive Officer

Featured in USA Today, International Business Times & Financial Services Review — Top AR Management Service, 2025 · ACA International member.

Steven Dietz didn't come to collections from the corner office — he came from the phones. He started as a collector and credit analyst before he was 20, was tapped by Aaron's to train collectors across 100+ locations, and has spent nearly 30 years in receivables. Along the way he became convinced the industry's bad reputation was a choice, not a requirement: businesses get paid faster when recovery is built on listening and respect rather than aggressive calls and empty threats.

He founded Southwest Recovery Services in 2004 on that principle — a national, family-owned receivables partner that treats every debtor as a person and every client relationship as worth protecting. Two decades later he still coaches the teams and works accounts personally — an operator who has actually done the job, not a manager who has only overseen it.

> "Regardless of the means of recovery, our focus is always on preserving goodwill and representing the client professionally.
>
> **— Steven Dietz, Founder & Chief Executive Officer, Southwest Recovery Services**
